Alphabet animals Colour And Observe Colouring Page

EYFS / Nursery - Literacy

Name two pictured animals and say the first sound you hear in each name.

Parent & Teacher Guidance

Curriculum focus

Topic: Alphabet animals. Develop accurate observation, subject vocabulary and evidence-based explanation. Mapped scope: EYFS learning and development: purposeful play, communication, physical development and expressive learning.

Before you begin

Review the picture together and ask the learner what they already notice about Alphabet animals. Read the activity aloud, explain unfamiliar vocabulary, and agree which details need special attention.

Solo activity

The learner can complete the colouring independently, then use the finished page to explain three details linked to Alphabet animals. Encourage accurate colour choices where they carry meaning, but allow creative choices elsewhere.

Group activity

Give pairs or small groups different areas to inspect. Ask them to agree on evidence before colouring, compare their findings, and present one curriculum fact to the class. Finish with a whole-group check against the guidance below.

Questions to guide discussion

What evidence can you see? Which feature is most important and why? How does one part connect to another? What new fact about Alphabet animals can you explain using the picture?

Answers and checking

Credit the initial spoken phoneme for each animal name the learner used.

The picture has no printed alphabet letters; do not require letter recognition from the art.

Learning record and next steps

- ☐ Completed the colouring
- ☐ Explained key vocabulary
- ☐ Completed the activity
- ☐ Used visible evidence

Evidence noticed / vocabulary used
