KS1 / Year 1 - Art And Design

Find and count the six paintbrushes. Colour the three mixing bowls to show red plus yellow, yellow plus blue, and blue plus red.

Parent & Teacher Guidance

Curriculum focus

Topic: Colour mixing. Develop accurate observation, subject vocabulary and evidence-based explanation. Mapped scope: KS1 Art and Design: developing techniques in using colour and using painting to develop and share ideas..

Before you begin

Review the picture together and ask the learner what they already notice about Colour mixing. Read the activity aloud, explain unfamiliar vocabulary, and agree which details need special attention.

Solo activity

The learner can complete the colouring independently, then use the finished page to explain three details linked to Colour mixing. Encourage accurate colour choices where they carry meaning, but allow creative choices elsewhere.

Group activity

Give pairs or small groups different areas to inspect. Ask them to agree on evidence before colouring, compare their findings, and present one curriculum fact to the class. Finish with a whole-group check against the guidance below.

Questions to guide discussion

What evidence can you see? Which feature is most important and why? How does one part connect to another? What new fact about Colour mixing can you explain using the picture?

Answers and checking

There are exactly 6 paintbrushes, arranged as three pairs beside the mixing bowls. Red plus yellow makes orange; yellow plus blue makes green; blue plus red makes purple.

Learning record and next steps

☐ Completed the colouring

☐ Explained key vocabulary

☐ Completed the activity

☐ Used visible evidence
