

Digital devices Colour And Observe Colouring Page

KS1 / Year 2 - Computing

Colour the community scene and discuss how digital technology helps at the shop, library, crossing, bus stop and home.

Digital devices Colour And Observe Colouring Page

KS1 / Year 2 - Computing

Colour the community scene and discuss how digital technology helps at the shop, library, crossing, bus stop and home.

Parent & Teacher Guidance

Curriculum focus

Topic: Digital devices. Develop accurate observation, subject vocabulary and evidence-based explanation. Mapped scope: KS1 Computing: recognising common uses of information technology beyond school and describing how technology supports everyday tasks..

Before you begin

Review the picture together and ask the learner what they already notice about Digital devices. Read the activity aloud, explain unfamiliar vocabulary, and agree which details need special attention.

Solo activity

The learner can complete the colouring independently, then use the finished page to explain three details linked to Digital devices. Encourage accurate colour choices where they carry meaning, but allow creative choices elsewhere.

Group activity

Give pairs or small groups different areas to inspect. Ask them to agree on evidence before colouring, compare their findings, and present one curriculum fact to the class. Finish with a whole-group check against the guidance below.

Questions to guide discussion

What evidence can you see? Which feature is most important and why? How does one part connect to another? What new fact about Digital devices can you explain using the picture?

Answers and checking

No fixed answer is required. Accept well-supported observations that match the curriculum focus and visible evidence.

Learning record and next steps

☐ Completed the colouring

☐ Explained key vocabulary

☐ Completed the activity

☐ Used visible evidence

Evidence noticed / vocabulary used
