

Changing body Vocabulary And Facts Colouring Page

KS2 / Year 4 - Relationships Health Education

Colour and label the key features of changing body.

Changing body Vocabulary And Facts Colouring Page

KS2 / Year 4 - Relationships Health Education

Colour and label the key features of changing body.

Parent & Teacher Guidance

Curriculum focus

Topic: Changing body. Develop accurate observation, subject vocabulary and evidence-based explanation. Mapped scope: DfE national curriculum programme of study for key stage 2.

Before you begin

Review the picture together and ask the learner what they already notice about Changing body. Read the activity aloud, explain unfamiliar vocabulary, and agree which details need special attention.

Solo activity

The learner can complete the colouring independently, then use the finished page to explain three details linked to Changing body. Encourage accurate colour choices where they carry meaning, but allow creative choices elsewhere.

Group activity

Give pairs or small groups different areas to inspect. Ask them to agree on evidence before colouring, compare their findings, and present one curriculum fact to the class. Finish with a whole-group check against the guidance below.

Questions to guide discussion

What evidence can you see? Which feature is most important and why? How does one part connect to another? What new fact about Changing body can you explain using the picture?

Answers and checking

Expected labels, where shown: growth, physical change, emotional change, hygiene, privacy, trusted adult. Match each word to a visible feature; accept an equivalent accurate term when the diagram supports it.

Learning record and next steps

☐ Completed the colouring

☐ Explained key vocabulary

☐ Completed the activity

☐ Used visible evidence

Evidence noticed / vocabulary used
