

My review and revision plan

KS3 and GCSE learners

Use this after a practice task. Select one or two specific priorities. This is a planning sheet, not an official specification checklist.

- ☐ I checked the correct paper and marking guide.
- ☐ I identified what went wrong, not just the question number.
- ☐ I reviewed a relevant explanation or worked example.
- ☐ I tried a similar task without copying.
- ☐ I checked my understanding again later.

Subject, topic and paper/version

What can I explain or do independently?

What needs more work?

My next action and resource

Date to practise

Later check: what can I now do without help?

For GCSE coverage, use your teacher's plan and the correct awarding organisation's specification alongside this sheet. Record uncertainty rather than claiming a topic is secure from one correct answer.
